FEDERAL WORKS AGENCY
PUBLIC BUILDINGS ADMINISTRATION
Washington 25

August 7, 1946

Brigadier General C.E. Ferenbaugh
Commanding Officer
Military District of Washington
Washington 25, D.C.

Dear General Ferenbaugh:

At the request of the War Department, guards are being assigned to the Second Floor of the War Department Building at 21st and Virginia Avenue, to provide security protection for certain activities of the National Intelligence Authority. This service was started August 5, and is in addition to the service referred to in my letter of July 30.

The appropriations of the Public Building Administration include funds for only normal safeguarding and the assignment at this location for security protection is being made on a reimbursable basis. The service, which will require five guards, is estimated to cost \$10,500 annually, and bills will be submitted monthly to the War Department on an actual cost basis.

Very truly yours,

Charles A. Peters
Deputy Commissioner
for Buildings Management
